**NIGHT WORK ON I-293 PROJECT IN MANCHESTER**  
**WILL REQUIRE LANE RESTRICTIONS ON BROWN AVE.**

The New Hampshire Department of Transportation announces night work is planned for Wednesday, September 25 and Thursday, September 26 on the Interstate 293 project in Manchester.

This night work will take place from 9:00 pm until 5:00 am both nights and will involve bridge work over Brown Avenue. During these time periods traffic on Brown Avenue underneath the bridge will be restricted to one lane in each direction.

This work is part of the pavement rehabilitation and widening on I-293 between Exit 1 and Exit 2, and the rehabilitation of four bridges over Brown Avenue and Frontage Street.

George Cairns and Sons, Inc. of Londonderry, NH is the contractor for the \$13 million project, which is scheduled to be completed in 2004.
